» GREEN UP

» MISSION CARD

As the newly appointed Sustainability Advisor(s) for the Intergreeneu, your mission is to lead the green transition of the Local Development Department. Since the department plays a pivotal role in shaping the economic, and social landscape of the municipality, your goal is to integrate sustainability principles into all aspects of the local economic development; from encouraging sustainable tourism, to facilitating green transition of local businesses and agriculture.

Good luck!

PARKS AND ENVIRONMENT PROTECTION DEPARTMENT

» GREEN UP

» MISSION CARD

As the newly appointed Sustainability Advisor, your mission here is to lead the green transition of the Parks and Environment Protection Department. In this mission, you're encouraged to integrate sustainability principles, habitat restoration efforts, and eco-friendly practices into park management, and environmental conservation. The department has an important role in preservation of natural ecosystems and biodiversity. Make sure that you manage to successfully integrate these principles in the department's work.

Good luck!

» GREEN UP

» MISSION CARD

As the newly appointed Sustainability Advisor for the municipality, your next mission is to lead the green transition of the Urbanization Department. Your mission is to lead a green design initiative that transforms the municipality into a model of sustainability and environmental consciousness. The Urbanization Department plays a pivotal role in shaping the physical landscape and built environment of the municipality. Therefore, your goal is to integrate sustainability principles into all aspects of urban planning, design, and construction, from green building standards and sustainable infrastructure to eco-friendly transportation and resilient urban development.

Good luck!

INTERGREEN

PROCUREMENT DEPARTMENT

» GREEN UP

» MISSION CARD

In the municipality of Intergreeneu, you, as the newly appointed Sustainability Advisor(s), are on a mission to transform the procurement processes into environmentally friendly and socially responsible. Your challenge is to guide the municipality in sourcing green products and services, support of green and ethical suppliers and sustainable packaging, while creating environment that encourages green procurement in the municipality and beyond.

Good luck!

INTERNATIONAL COOPERATION AND NGOs DEPARTMENT

the European Union

» GREEN UP

» MISSION CARD

As the newly appointed Sustainability Advisor for the municipality, your mission here is to find the most suitable ways to integrate the green transition agenda to the municipality's international cooperation and collaboration with NGOs. Your general role is to foster effective green transition of the department by initiating green initiatives that aim to facilitate meaningful partnerships, knowledge exchange and joint action with international organizations, institutions, as well as to offer greater support for green initiatives of local NGOs. The department can play crucial role in ensuring alternative funding, expertise and good practices that may support your green transition action in many of the municipal departments.

Good Luck!
